

KLEEN-PAIL AND KLEEN PAIL CADDY SYSTEM

Kleen-Pails meet HACCP dedicated use guidelines for cleaning and sanitizing cloths used to wipe down surface areas.

Kleen-Pails make it easy to separate containers used for food storage from those used for dangerous non-food purposes.

They also eliminate potential confusion between cleaning and sanitizing solution containers.

Green Kleen-Pails are used for soap solutions and Red Kleen-Pails are used for sanitising solutions.
