

People who serve, products that solve.™

GLO-RAY® HGSM-4060 PORTABLE HEATED SHELF

Hatco HGSM Portable Heated Black Glass Shelves have a black tempered glass top surface to create uniform heat across the entire surface. The new design uses a modular approach where each unit can be placed side-by-side and the glass surface is the size of a 1/1 GN pan. Contemporary design with stainless steel housing and touch panel control makes for easy operation and cleaning.

Portable units are ideal for changing needs - adding heated surfaces where required at your venue.

Modular portable heated shelf units that offer the flexibility of use when and where needed.

HGSM-4060
