

WIRE SHELVING

ASSEMBLY INSTRUCTIONS

FOR USE AS FREE-STANDING, STATIONARY SHELVING:

Before assembly, lay out storage area according to desired configuration. "T", "U", configurations may be used.

Insert tapered foot bushing into the bottom of each post. Seat securely by tapping with a rubber mallet. Screw the adjustable foot levelers into each bushing. After assembly, stand unit upright and adjust the foot levelers as required. **B** FOR USE WITH STEM CASTORS:

Push swivel stem casters into bottom of each post. Seat securely by tapping with a mallet. (Note: tapered foot bushing and levelers are not required when using stem casters.

SPLIT SLEEVE

11

STEP 1.

First perform "A", "B", according to the style you have selected. NOTE: Unit is erected from the bottom shelf up. Posts are grooved and numbered in 1" increments. (Number shown is approximate height of shelf from floor not including casters.)

STEP 2.

Select the height of lowest shelf.

Stand lowest shelf on its side. Insert posts from bottom into all four corners so the split sleeves fit inside each corner. Stand upright.

STEP 6.

At each corner, push shelf firmly down onto split sleeve. If necessary for a snug fit, tap corner lightly with a rubber mallet.

STEP 7.

Select height on the next lowest shelf. Repeat steps 3 and 4. from the top of standing unit, slide shelf onto post at all four corners so the split sleeve fits inside each collar. Repeat for remaining shelves.

STEP 3.

Hold one half of split sleeve against post with wider end down. Fit "ridge" inside the split sleeve into groove and snap split sleeve on. Then snap on the other matching half of the sleeve.

STEP 4.

Repeat Step 3 at the same height for each of the three remaining posts.

STARTER UNIT

NOTE:

Install bottom shelf as low as possible to the floor. (For food service applications, refer to your local regulations regarding minimum height from the floor).

Units over 1270mm high should be assembled with at least three shelves, preferably four.

Adhere to shelf weight capacities

Place shelving on solid, level floors

Level the units with the supplied levelling feet

Do not drop heavy objects on the shelves, or subject units to shock from forklifts or dollies Ease heavy loads carefully onto unit, and spread weight evenly over the length of the shelves CAUTION: Do not climb or stand on wire/plastic mat shelves.
